OUR SERVICES

MOBILE APP DEVELOPMENT

We have the in-house capabilities to offer full-stack mobile app development under one roof. From UX and UI to data handling, security and optimization, we develop comprehensive solutions across platforms and operating systems.

SOFTWARE DEVELOPMENT

We have the capabilities to custom create software based on your specific business requirement and goals. From accounting and HR to operations and logistics, we understand your systems and offer effective automation solutions.

WEBSITE DEVELOPMENT

With an ongoing focus on UX and UI, we build highly functional websites that stand the test of time. Right from the designing, developing, and maintaining phases, we offer end-to-end services.

OUR COMPANY

Sanchi is an integrated digital solution agency, based in Mumbai. We are a team of agile engineers, software developers, web designers, and mobile app developers with ten years of experience across tech platforms and business verticals.

Our core focus is in finance, healthcare, and e-commerce. With our business-first approach, we ensure that the client's goals and objectives are front and centre. We custom-build solutions that meet the client's specific business goals and tech-readiness.

OUR VISION

AT SANCHI, CUSTOMIZATION IS THE FUEL THAT DRIVES US. WE STRIVE TO MAKE OUR CLIENTS STAND OUT BY CREATING UNIQUE SOLUTIONS THAT OFFER THEM AN EDGE. WE CONTINUOUSLY CHALLENGE OURSELVES TO NURTURE BUSINESS IDEAS AND SHAPE AND MOULD THEM INTO REALITY THROUGH TECHNOLOGY.
